Patrick Sanchez

December 16, 1955 - August 20, 2019

Patrick passed away on Tuesday, August 20, 2019 at St. Joseph's Villa in the presence of his daughter, Salchell and his niece, Elena. He was born on December 16, 1955 in Salt Lake City, Utah to Theodora "Teddy" and Alfred "CoCo" Sanchez. He was married to Victoria Chavez for a time and they later divorced.

Patrick had the kindest soul and was selfless and loyal. He wore his heart on his sleeve. To know him was to love him and the love he gave was returned to him, tenfold. He was adored by so many and humbly took on the role of second father to many nieces and nephews. Patrick dedicated his life to his family and gave of himself every day until he could give no more.

Patrick is survived by his son Patrick Anthony; his daughter, Salchell (Rafael); his grandchildren, Zoreh, Karla, Maryssa, Naiara and Manuel. He loved them more than life itself. They will greatly miss their "Pop" and remember him fondly.

Also survived by his sisters: Angie and Christina, who he adored until the end; his brothers: Ronnie (Annie) and Joseph (Andrea); his brother-in-law, Jose; his sister-in-law, Eva; his aunt Stella; as well as many nieces, nephews and cousins who will hold him forever in their hearts.

Patrick's journey here has ended and he suffers no more. He has joined those who have preceded him in death: his father, Alfred "CoCo" and mother Theodora "Teddy; his brothers, Danny (Margaret), Jay and Kenny; his sisters, Mae and Nancy. They are united now and watch over and care for us from the

other side. They are waiting for us to join them one day.
We will be celebrating his life, one well lived, on Sunday, August 25th from 5-9 pm at East Coast Subs, 3490 South State Street, SLC, UT.

Patrick and I have shared many conversations over the years. Whether he was in Az Ga, or Ut. We reminisced about growing up, parenthood and losses in our lives. We shared what we wanted for our children, and the joys of our grandchildren. We shared our our fears and accomplishments. I was able to visit Patrick after his diagnosis where ever he was, and he always said how lucky he was to know Salchell had his back and would get the answers when he wasn't sure what was going on. Patrick trusted Salchell implisedly. She left her family to watch out for his best interests knowing he would not survive. My heart off to Salchell for executing her Dad's wishes.

Patrick has been a wonderful part of my love my kids like his own. He always check up on me. Even when I divorced Rick. I was happy I got to video chat with him one last time I said I love he said it back and the last thing he said to is I see you soon. I love this family so much. I'm so sad that it was his time. And never have are talks again. RIP Love you always

I find myself looking back, to the years we met and were together, so long ago, and like yesterday! We went our own ways for many years, but he was always the one, I thought of him everyday. I finally found him again, and the yesterdays all came back. I've love this man, for about 40 years..... I will carry him in my heart til I too, am able to see him again. Its not "good bye" I'll see you soon <3

My baby brother has boarded the train to the underworld. I fill a dead or dying soul because of the conversations he and I had . We debated the Sanchez world the other worlds brought into the Sanchez world. It got heated at times but we are brothers and the love is there, any other avenue one takes is up to them. There is a predetermined love that destiny sets forth which we must abide by. In all my brother and I have a relationship that most people, not humans wouldn't understand c/s

We have lost a great man. I will miss him dearly. But it gives me soooo much comfort to know he is reunited with the family members he loved so much. I can picture him and my dad, his brother Kenny, drinking a cold one, watching the fights together, just enjoying being together again. That gives me so happiness. Rest In Peace Uncle Patrick. I love you.
