Catherine "Renae" Barnes 09/29/63-10/13/2019

Obituaries are meant to summarize a persons life in one short paragraph. I could tell you that Renae enjoyed laughing, cooking, dancing and so on because she did, but that is not what made her amazing. Instead of giving you a list of her favorite things to do, will tell you why her children thought she was amazing. She was amazing because she was always there for family. Her children and grandchildren were her heart. She came to our rescue on many occasions. She had the type of gift that she could make you feel like she understood how you were feeling and had your back when the rest of the world just couldn't understand. She had been through a lot in this life and that made her wise and non-judgmental. I'm sorry Mom that we didn't tell you everyday how much we needed you. Thank you for being so beautifully unique. Thank you for staying so close even if it is no longer possible to see you physically and thank you for being our mom and grandmother. We love and miss you. Love your kids.

Arrangements were under the direction of Wiscombe Memorial.
