

Cyrus Damien Carpenter

April 7, 2003 - August 2, 2020

Cyrus Damien Carpenter was born in Salt Lake City, Utah on April 7, 2003, he passed away on August 2, 2020. Cyrus was very creative at writing, very amazing at math and a straight A student. Cyrus was a free spirited young kid that didn't like to follow rules and would do what he wanted no matter what the consequences would be. He was a typical kid that enjoyed playing Uno, video games, basketball and football. He especially loved the Oakland Raiders. As he got older he realized he had a huge love for cars.

Cyrus had his whole life ahead of him and it breaks our hearts, as a family, to say goodbye so early in his life. Cyrus's blonde hair and blue eyes made him a handsome kid and if he gave you that beautiful smile he would melt your heart.

Cyrus our son, grandson, nephew, brother, uncle, cousin, and friend to so many people, will forever be in our hearts, thoughts and prayers. We all love you so much and our lives will be forever changed with you not in it, you are gone but never forgotten and until we meet again son we will always love you.

Cyrus is survived by so many family members there is too many to list, we all know who we are and much love to all of you. Cyrus had a huge heart and loved his family.

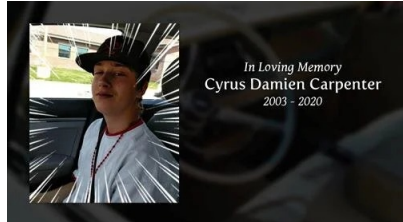

With the surrounding circumstances of the COVID-19 pandemic there will be a private Celebration of Life for his family members only at a undetermined date.

Arrangements are under the direction of Wiscombe Memorial.

“ Son another year has passed making this 4 years since you left us with broken hearts, the story of life is time heals all wounds but I have to disagree because time has not healed the wound of losing you. I think about you every day and try to ponder on what I could have done better to help you but you had your own zest for life & did what you wanted to no matter what the consequence was. I will always have a void in my heart from losing you but at the same time I will always have the fun memories we made together as well. I love you son with all of my heart & I'm always on the lookout for the signs that you're messing with me LOL. Love you buddy

I thought of you with love today,
but that is nothing new.
I thought about you yesterday,

“ Cyrus you were truly a joy to be around fun, loving and full of life. I will always remember the first time I met you, a rambunctious kid with a long blonde mullet running around in your chucks. It is with a heavy heart and deep regret my family was unable to see you one last time. My boys loved to spend time with you and we will miss you so much. I feel extremely guilty for not having the time to visit with you the last time we spoke and asked to come by. Rest easy brother until we meet again much love.

“ Son i am so sorry i wasn't there to hold you, comfort you or give you one last kiss on your cheek before you said goodbye to us all. I will forever have a broken heart & will always love you so much. I open my eyes every morning & hope i was just having a bad dream & then the pain starts all over again & i realize that its true you are gone, you will always be in my heart & thoughts & i will remember that blue eyed blonde kid that had such a zest for life. Cyrus my son i will never understand why this happened but as your father i will try my best to keep your memory remembered as the wonderful little boy i know you was. I love you with all my heart little buddy,

Forever Love your dad

“ *When tomorrow starts without me,
And I am not there to see,
If the sun should rise and find your eyes
All filled with tears for me;
I wish so much you wouldn't cry
The way you did today,
While thinking of the many things,
We didn't get to say.
I know how much you love me,
As much as I love you,
And each time that you think of me,
I know you will miss me too;
But when tomorrow starts without me,
Please try to understand,
That an angel came and called my name,
And took me by the hand,
And said my place was ready,
In heaven far above,
And that I'd have to leave behind
All those I dearly love.
But as I turned to walk away,
A tear fell from my eye
For all my life, I'd always thought,
I didn't want to die.
I had so much to live for,
So much left yet to do,
It almost seemed impossible
That I was leaving you.
I thought of all the yesterdays,
The good ones and the bad,
I thought of all the love we shared,
And all the fun we had.
If I could relive yesterday,
Just even for a while,
I'd say good-bye and kiss you
And maybe see you smile.*

*But then I fully realized,
That this could never be,
For emptiness and memories,
Would take the place of me.
And when I thought of worldly things,
I might miss come tomorrow,
I thought of you, and when I did,
My heart was filled with sorrow.
But when I walked through heaven's gates,
I felt so much at home.
When God looked down and smiled at me,
From His great golden throne,
He said, "This is eternity,
And all I have promised you.
Today your life on earth is past,
But here life starts anew.
I promise no tomorrow,
But today will always last,
And since each day's the same way
There's no longing for the past.
You have been so faithful,
So trusting and so true.
Though there were times you did some things.
You knew you shouldn't do.
But you have been forgiven
And now at last you're free.
So won't you come and take my hand
And share my life with me?"
So when tomorrow starts without me,
Don't think we're far apart,
For every time you think of me,
I'm right here, in your heart.*

“ Cyrus,

I am lost for words and still trying to Process this. I know we didn't always see eye to eye kiddo. I loved you so much. I know I was hard on you at times, but I just wanted the best for you. You were always so smart and funny and always willing to help. I was so proud of you, most kids would want to play video games or something else when they are board, you would pick a book up and read for hours. You were always full of surprises. I always loved to go to parent teacher conference and the teachers would show us all of your writing papers.(you were on point and smarter then the other kids in your class)Your comprehension level was amazing for your age group. You were such a smart kid!!! I hope that everyone can learn from this and change there life around. I love you son. Fly high and watch over us, please keep us safe until we see you in paradise. ❤️❤️❤️❤️
