“ *Bro,I think of you every day. I know you are there with Dale and Felix and Barb. Probably laughing at me. I keep in touch with George for you. Maybe next year I can visit him. His wife is so kind,his daughter growing into a lovely woman. We all talk about you. Jon misses you and so do Barb's kids. Tammmy is keeping track of your military stuff.*

“ Don and I met in 1982 while stationed together outside of Ramstein AB Germany at the Kindsbach underground facility. From there we were both assigned to 22nd AF Operations Center at Travis AFB, CA. Both assignments we we worked and shared an apartment together. Don was a good friend who would give you the shirt of his back. We had many good conversations together, went camping together and did a trip together on my second assignment back to Germany, and his to Belgium to visit Udo and his Family, a German national with whom we were stationed with at Kindsbach. We talked a lot on the phone and there were plans someday for him to visit us in Massachusetts. I'll miss him and our long talks of our military experiences and current events and politics. Rest in peace my friend.

Don was the my neighbor,he was so kind he didn't even know me that well, he let me park in his covered parking stall in the winter so I didn't have to clear the snow off my car! After that we would talk about his experiences in the military,and the past,we were about the same age so we could relate, I really enjoyed talking with him! I do miss you Don
