

Doree Lavaugn

May 13, 1949 - February 6, 2020

Doree, age 70, passed away the morning of February 6, 2020 after a battle with cirrhosis and diabetes. She was born May 13, 1949 in Twin Falls, Idaho to Fred and Pearl Bell. She had been living at Summit Senior Living for the past few years after losing her leg following a fall. Doree did not want to have a funeral and joked that we could maybe have a taco or burrito as we talk about her and clean her apartment. She greeted everyone with a smile as they came to her apartment. A special thanks to Symbii and the many aides who took care of her as she lived at Summit.

Doree is survived by her beloved daughter Dani (Cody) Henrichsen, very much loved granddaughter Kelsey. Sisters: Freda, Kathie, Sandra with many loved nieces and nephews. Son Troy (Nikki), grandsons Kris and JJ. She was preceded in death by her mother and father.

Celebration of Life will be held at The Walnut Hills Chapel, 5938 West 6200 South, Kearns, Utah 84118 on Saturday, February 29, 2020 at 11:00 AM.

Arrangements are under the direction of Wiscombe Memorial.

“ *Doree was the life of the part and when I was going through a hard time in high school and couldn't see my mom, Doree would talk to me and would stay up with us and laugh and cry and talk and made sure that we was all okay! When ever we went out it was always an order to call her and let her know we got home safe and that we was okay!!*
Such an inspiration and great lady who is going to be greatly missed Love you!!

jennifer Kernes - February 08, 2020 at 12:53 AM

“ *Dorée will be missed. She was always there for me while I was in high school and treated me like a daughter. Whatever she had she shared with others joyfully. She taught me how to drive a stick shift one night at the airport. The control tower called the police because of the car lurching around in the farthest parking area. She always told me to be like a duck and let the water (irritations) roll right off my back. She has left her mark on me and I have been changed for the better because I knew her. Rest In Peace my friend, until we meet again.*

“ Aunt Doree you will be so missed. I know you are happy now - happier than you have been in a long time. I loved our chats - Look at that smile - you always had a smile. I dont believe I ever saw you mad and if you were you always had a smile and hug for your niece. Please give grandma a big big hug for me.
