“ *Thanks Doug you helped us survive in the early days of Vanguard. Our appreciation might not have always been shown but it is there. My God take you into his paradise and let your family know we all cared. God bless you and your family.*

“ *We will miss Doug coming in and out of the neighborhood on his motorcycle looking like he was enjoying every minute of it. We are so impressed with the love and support his family has given him. Obviously he was loved! We, as neighbors, have been inspired with how you supported him and cared for him. Thank you for showing us the way. We are glad he is no longer suffering and is in a much better place now and with wonderful memories of this life he left behind.*

*Doug was a very special friend and Carol and I enjoyed his company. We rode together on many extended trips and he always commented about how lucky he was to be in Utah (and the Western U.S.) to enjoy the beauty around us. I truly believe he was most happy when in the saddle of his Harley! He is greatly missed already.*

“ *Doug was a good friend and had an infectious smile... I remember when he started riding with the HOG chapter how he would be awestruck at the Beauty of the World around him and the twisty roads... So Ride on Brother scout those twisties for all of us we will meet again down that road...*
