

Gloria Jean Ledbetter

April 5, 1947 - December 10, 2022

Gloria Jean Ledbetter was born on April 5, 1945. Our beloved wife, mother, grandmother, aunt and sister. Gloria lived a very hard life, no matter how hard it was she took care of her children. She was a survivor, she would deal with whatever came her way in life and always kept her chin up. She was a warm and loving person, we will miss her with all our hearts. In loving memory of my mom: Mom loved walking in the park looking at the birds, little creatures and butterflies. She could walk forever and look out at something new every time. She loved humming birds and all the different colors the brighter the better, She always had hummingbird feeders hanging around her house. Mom loved her house plants, she used to talk to her plants telling them how pretty they were. She said the more you talk to the plants the stronger they would grow. Jerry Lee would put marijuana seeds in her plants and tell her it was just a weed growing every chance he got. I love you mom, Dotty.

“ *One of the most beautiful women I have ever meet. Very strong women and walked threw life with her head held high- love of family and would do anything for her grandkids. When life gave her lemons you would make life better by your Smile. Sometimes we are graced by a beautiful person coming into our life's.. May god hold you sweet lady in his arms to restore love that you deserve . I have Always thought of you and smiled for your kindness.. God give your wings to fly..*
