“ *I met Bill about 30 years ago in the rooms of 'Recovery'. He was there for those of us who came along later, and there isn't sufficient room here to list all those he helped along the way. But I know that he helped me tremendously and made the way easier through his example, his words and his wit. He always told us, 'We're the lucky ones!' acknowledging all those who never get the opportunity for recovery. More than anything he was among those who made me laugh when I thought I might never laugh again! We've missed him here in Bountiful for a number of years, but I can tell you that among those of us he helped he is almost legendary! Blessings and comfort to his friends and family! RIP Bill!!*
