

Holly Gregerson Hughes

November 13, 1956 - September 17, 2022

We are sad to announce our loving mother, sister, friend Holly Gregerson Hughes born 13 November 1956, passed away on 17 September 2022 early in the morning after a hard fight with years of diabetes and declining health.

Preceded in death by her parents Philip and Dorothy Gregerson, sister Linda Gregerson Young, brother Richard Gregerson.

She is Survived by her Children Quentin , Ian, Shelby and grand children. Siblings Steven, Kevin, Greg and Tina.

Holly was challenged in life with Bi-Polar disorder and was so loved by her family and any one she met. Even at the rest home where she spent her last few months, she quickly took charge of the place and made many friends.

We're grateful to the care givers who helped Holly through her last days!

For those who know, bi-polar disorder has it's good and bad times and Holly, family and friends did not escape the brutal negative side effects, ups and downs it brings with it.

As the family. we would like to expressly thank her youngest brother Greg who took her in over the last 5 years and helped her through the last few years of

diabetes and other challenges!

We all want to remember Holly for her beautiful smile and her endearing loving side.

We're grateful she is now at peace! May our loving Father in Heaven take you in his loving arms and carry you to peace in the eternities!

Our hearts go out to her children, family and friends.

No formal services will be held, but the family will schedule a memorial get together on Oct 1st for family and friends to be announced.

Please share the message with any other friends of Holly, thanks.
