“ *Lynda has been my longest, life-long friend. We have been friends since we were 4. We shared our birthdays together, her family was just like my own. We even moved into our first apartment together. I love her very much.*

I am so saddened for her family. I hope that they will find strength and peace through this difficult time. Eric, you are a wonderful man and have always taken care of Lynda, Alexie and Tristan. Thank you very much.

RIP my dear, dear friend. I will miss you terribly.
