“ *Most abusive man I ever met in my life! Sorry to say I'm not sad to hear he's gone. I've watched google for years because I have feared him. And always been afraid he would show up at my door. I was married to him for 7 years. He went to prison for burning down a home over a \$200 debt! Stupidly I stuck with him through that. Rest in peace Michael. I'm glad to hear you may have had a normal relationship from 2007-2014. You got out of prison in 2007 .*

I was 16 and he was 20. He ripped my naive heart apart. In reality, our relationship only lasted 2-3months; But he would, haphazardly, return in my life for a year. He spoke of treatment he received, the day he asked me over. He wore mascara, and was sitting for his baby, living with the mother. More raunchy surprised. After his humiliation, I married the 1st man I met who loved me. Another mistake. I had no idea of his carousing life style before me. I saw his incarceration mugshot. When I saw that, I sighed relief that he threw me away. Obviously, I still google him, and found this. RIP. Behold all things become new.

“ *I just found out about Michael's death. I was deeply saddened by the news. I dated Michael from 2007 to 2014. I am grateful for the time I was able to be part of his life and his dog Lady. He is missed.*
