“ Uncle Mike,  
Today would have been your birthday. I just wanted to remember you for the very sweet things you did. My Uncle was a very sweet misunderstood man. He was feeding ferril( ferall) cats all around the complex that he lived in. I remember he when he sent me pictures of this beautiful orange tabby cat he named Red. She had bright green eyes. He called her" his gal". Uncle Mike was a tall man with a very big heart. When we would speak on the phone, we talked at least an hour. He was concerned that my cellphone bill was going to be expensive. I told him that I was charged the same amount each month. I don't think he believed me. He would send me birthday cards with fuzzy kittens on the front and inside it said" This reminds me of you". Then he would send me a monetary gift. Sometimes he sent them out of the blue. He screened his calls. When he heard my voice, 8 times out of 10 he would pick it up. I would tell him to ring twice and hang up. Then, I'd call him back.  
My Uncle Mike had siblings. He had a Sister Geraldine. ( Aunt Gerry) her Husband Uncle John. My Father Ronald. He had 2 nieces Nancy and myself. He had a lot of nephews. Jimmy, Jerry, Tommy, Steven John and another John ( my Brother). We all loved him very much. He was extremely kind and sweet.

“ Uncle Mike, I have been thinking about you a lot lately. I was remembering how you used to take me to the White Mana for curb service. I remember how all of the Ladies that worked there would come over to the car to talk with you. They would say how sweet you were for taking your neice out for something to eat. I always felt special because you asked me. I wish we talked more than once a week. I saved all of the cards that you sent to me. I loved all of the pictures that you sent me. Especially the ones of your cat Red. She was so pretty and lucky to have you to take care of her. I liked that you let her sleep in your bed. I miss you Uncle Mike. You ALWAYS made me feel very special. Especially after my Brother passed. You kept checking to make sure that I was taking care of myself. I love and miss you Uncle Mike.

“Michael Suvino, Not only was a mechanic, he was a diesel mechanic. He could fix anything! Mike was a huge lover of animals. He would feed the ferrell cats behind his complex. He had gotten complaints for doing so but, he did it anyway. He took in a beautiful red cat who looked like Morris the cat. He named her Red! He spoiled her like a child. She was allowed to go anywhere in the house. Many times she would curl up in a ball at the end of his bed. My Uncle was a very sweet man. I would call and it would go to voicemail. He picked it up right away. He always told me not to worry so much. He told me to do something fun. I told him I was saving up for a new living room set. He sent me a card with a picture of a cat that said" I love meow". He sent me a check and he wrote" please use this for something fun". I cried when I read that. Our birthdays are very close so when I sent him a card, he would send me one back. He sent me money in the cards. I told him not to do that. He said he thought I wouldn't cash his check. Such a generous person. I am so sorry that his obituary is not what it should be. He had a Sister Geraldine. His Brother in law was John Marotta. They had 5 children. He had a Brother Ronald. He had a niece Patricia and nephew John. He had 6 nephews and two nieces. Nancy and Patricia. He was so much more than what is written about him here. He used to call me and let it ring twice. That was my signal to call him back. He spoke in detail what he was going to eat! He had a great appetite and enjoyed his food. He now knows the truth about my stories. I wish that I could hug him again. He always looked great and smelled very good. He gave me great advice on a few things. Especially when I was going to buy my apartment in 2008. He did some research and found out it was in a flood zone. Thank you for that! I am sorry that you couldn't go back to Las Vegas at least one more time. All in all I hope I shed some light on this wonderful man. I love you Uncle Mike! I miss you very much. I will write more soon. Love always Trish

“ Uncle Mike, today would be your birthday. I miss you very much. I stop and think of you a lot! I enjoyed our hour long phone calls. You would start out seriously and then, you would start laughing! When I told you that I was marrying Louis you asked me if it was really what I wanted or if I felt like I had to be married. I was just telling Louis that I was fishing with you and you asked me to bait your hook properly. When John passed you drove all of the way down to help me. You were very concerned that I was going to fall over. You said that you were very proud of me. It felt so good hearing you say that. I still remember your phone number. I am sorry that I didn't know you were very ill. You tried to shield me from bad news. You kept thinking that I was still a little girl. Thank you Uncle Mike for the pictures. Thank you for making me feel special when I was growing up. Thank you for that big hug the last time I saw you. And Thank You for telling me that I was beautiful even when I didn't feel like I was. You said that I had a wonderful imagination and that I should do something with it. And Thank you for getting so excited when I sent you post cards from Walt Disney World. I will think about you and write about you more often. Your niece, Trish Suvino-D'Anna
