Mother, Daughter, and Sister Patricia Ann Earl passed away March 23, 2022. She was born on October 18, 1988, in Salt Lake City Utah at the Holy Cross Hospital, to her mother Lorie Ann Earl and father Patrick Philip Earl.

Patricia was born into a large and loving family, who called her by her nicknames "Trisha" or "Tushy". Patricia loved spending time with her family. As a child Patricia loved finding things to do with her siblings, she never wanted to just sit around. She had an adventurous personality and was always off to her next mission. She had fun throwing game nights, playing card games and Poker at her kitchen table. She enjoyed attending all the family barbeques and get-togethers, because she liked to visit with family and loved the food.

Patricia had many family members who enjoyed spending time with her, they enjoyed her free and happy spirit. She would jam out to music, and dance anywhere. There are many fond memories of Patricia because she had such a fun and outgoing personality and she was willing to try all kinds of new things, even if it got her into a little trouble. Her smile and laugh were contagious.

Patricia was loyal and loved people she cared about intensely. She always stood up for the ones she cared about and would never stand by to let any of them be mistreated, she was the first to speak up if she felt something needed to be said.

Patricia was a mama's girl. She always wanted all mom's attention. It was

important that she stay in regular contact with her mother, especially the last years of her life.

Patricia was a loving and protective mother, and she loved to watch her children grow, she thought they were amazing, and she was so proud of them. In the last years of life Patricia would say her son Donny was her guardian angel who was always with her.

Patricia is preceded in death by her Son Donavan Lopez, Father Patrick Earl, and Grandfather Dale Hone.
