“ I was just thinking about Rex and decided to look him up. It has been many years, decades even, since we watched movies, discussed his collectables, shared stories, hung out at his house for dinner, or took adventures out to the west desert. I worked with him, he was my supervisor and became a close family friend for a few years, until he moved south. Lots of good memories friend, I think of you often. ~Karyn

“ *My name is Janet Stanton. I am the granddaughter of James Neff Stanton. Rex Sr and my grandfather were brothers - I just found this on ancestry. My father passed away in 2003 and I've tried so hard to find family.*
