“ *I grew up with Tim and we had our graduation party together. His mother was Louise Parker and she was the sweetest person ever. Tim was like a brother growing up and I tried numerous times to locate him because he just seemed to vanish.*

My condolences to any of his family. I know he had a daughter but couldn't remember her name. May Tim Rest In Peace, I hope you know you were never forgotten, we just didn't know how to reach you.
